July 12, 1926.

Mrs. Fannie Efford Collier Presler,
Florence, Tex.

My dear Cousin:

I have your letteroof July 8th together with Genealogy for which I thank you. I have not yet gotten the ores from Mrs. Harryman or Mrs. Robert Redding Collier. Can you hurry them up for me as I wish to dictate right away the Robert Collier branch and his family. Kindly write them and give my love to your father and mother and the other members of the family.

I have been so busy that I could not get away as I expected. General conditions have not been running smooth and you know I have several large interests here that I must keep in touch with unless everything is moving well.

I note what you say about going up to Dallas. I have an old boy friend in Dallas that used to be a millinery salesman, I guess he is still one, but I forgot him last November when I was in Dallas. His name is George M. Rockwell or George H. Rockwell I forget which. He and I were school mates. I saw him about ten or fifteen years ago over in St. Louis one day when I was over there soliciting business for our mill here. At that time he was with King-Brismaide, millinery people, but he was in Dallas. If you have the opportunity look him up. He might be there with some of the wholesale millinery people.

I used to sell a great many goods in Dallas to the Perkins Dry goods Company, Lewis Dry Goods Company now out of business, and two or three otherslarge wholesalers and also Sanger Brothers, large retailers.

Very sincerely,

J. C. Collier.
